Pacific

--->> Atlantic

Oceania

Nile

5. Nigerian economy is largely…………………………â€

export

--->> import

deport

mining

6. A narrow-guage line was built from Zaria to reach Jos in  $\hat{a}\in |\hat{a}\in |\hat{a$ 

```
--->> 1913
            1914
            1915
            197
7. \hat{a} \in |\hat{a} \in |\hat{a} \in |\hat{a} \in |.. are notorious for causing disputes and conflicts even
in places where people may have lived amicably as neighbours for a long-
time.
      --->> boundries
            fountains
            moutains
            cliffs
8. Geographically speaking crime occurs on the surface of the \hat{a} \in |\hat{a} \in |...
            security
            climate
      --->> earth
            searchlight
9. The objective of the Baro - Kano railway was to tap the cotton and
groundnut growing potentials of the ……...
            South
      --->> North
            East
            West
10. High sea criminals are called……………….
            lumbered
            boombard
      --->> pirates
            Basterd
1. The sufficiency of food supplies for a country, can be called
………….security
     --->> food
            water
```

abundance critical 2. The earth's surface, its physical features, divisions, climate, products, population are components of  $\hat{a}\in \hat{a}\in \hat{a}$ discipline. Geology --->> Geography Geometry surveying 3. Nigeria is roughly  $\hat{a} \in |\hat{a} \in |\hat{a} \in |\hat{a} \in |...$  from the extreme corners of Africa. --->> equidistance great-distance Small-distance meandring 4. landscape in the northern states of Nigeria makes them unsuitable for ……….. armed robbery operations. moonlight sunlight --->> daylight midnight 5. The country is located almost in the centre of the  $\hat{a} \in |\hat{a} \in$ the map of Africa --->> Great Large Small equator 6. The flight time from Nigeria to Tripoli is less 5 12 14 --->> 4

7. Pipeline vandalism in Nigeria occurs mostly in the  $\hat{a} \in \hat{a} \in \hat{$ 

```
Lagos
                                                 --->> Niger-delta
                                                                                                   Ogun
                                                                                                   Edo
 8. From the \hat{a} \in |\hat{a} \in |
the Cross River to South of Lake Chad.
                                                                                                   North
                                                                                                   West
                                                 --->> East
                                                                                                   middle-belt
  9. Nigeria has a total land area of \hat{a} \in |\hat{a} \in |\hat{a} \in |\hat{a} \in |... square kilometres
                                                                                                    923726
                                                                                                    923766
                                                --->> 923768
                                                                                                    913768
10. The usefulness of \hat{a} \in \mid \hat{a} \in \mid defines what belongs to whom and are
barriers put in place to keep out trespassers.
                                                                                                    locations
                                                                                                    segregation
                                                                                                    limitation
                                                 --->> boundries
```
