- ☐ behavioural therapy
- ☐ behavioural modification
- ☐ therapy
- ☐ motivation

Q5 Listening comprehension refers to ability to comprehend in totality what was conveyed through

- ☐ selective listening
- ☐ focus listening
- ☐ speech
- ☐ observation

Q6 is assumed to possess the ability to predict success in subsequent learning like locomotion.

- ☐ Motor generalization
- ☐ create
- ☐ positive self concept
- ☐ Ego of the child

Q7 is to identify the child's area of needs like word attack.

- ☐ Maintenance of posture
- ☐ Individualized diagnosis
- ☐ create
- ☐ self concept

Q8 Activities for locating sound and object in the environment of children with visual challenges include all of the following except one:

- ☐ provide rattles with different shape
- ☐ attach sound producing object to the body of the child
- ☐ create alternative to eye contact
- ☐ create adequately for the lighting in the room.

Q9 It is important to stimualte the child's "vision" through the followngn except one

- ☐ feeling
- ☐ grasping
- ☐ smelling
- ☐ sucking

Q10 A mother of visually challenged infant might help her child to be secure in the knowledge of her presence in the following ways except one.

- ☐ holding
- ☐ talking
- ☐ rooting
- ☐ nocking

Q11 Shonibare (2005) carried out very extensive study on pure oralist and the manual sign language,highlighting the following key comoponents except one

- ☐ speech
- ☐ lip reading
- ☐ imitation
- ☐ sign language

Q12 Creating and auditory environment in general involves all of the following except one.

- ☐ readiness to listen
- ☐ use of voice to get attention
- ☐ dialogue
- ☐ repeat speech frequently

Q13 .refers to computhera that offer a seven-step gradual discrete approach for reading for children with autism, ADHD,Down Syndrome, etc.

- ☐ Canvastic Desktop Publishing
- ☐ Euidel Computhera
- ☐ Intellitools
- ☐ ABA materials

Q14 .refers to clinical documentation software and practice management software for behavioural health professional.

- ☐ Laureate systems
- ☐ Cancastic desktop publishing
- ☐ ABA Materials
- ☐ Docu Trac Software

Q15 ..is a software specifically designed to teach children with learning delays and difficulties such as autism, PDD and Down's syndrome

- ☐ Laureate systems
- ☐ Cancastic desktop publishing
- ☐ ABA Materials
- ☐ Docu Trac Software

Q16 is specially desinged for individuals with autism, language learning disabilities, etc.

- ☐ Laureate systems
- ☐ Cancastic desktop publishing
- ☐ Doc Trac software
- ☐ Intellitools

Q17 The use of appropriate technology for persons with special needs can go a long way to .

- ☐ stimulate learning in early childhood
- ☐ encourage increase access to education
- ☐ social network integration
- ☐ stabilise education development

Q18 The model presented by has the National Bureau of Special Education covering the segment with distinct functions like teaching, research, scholarship,etc.

- ☐ Dunn (1973)
- ☐ Hunt (1961)
- ☐ Onwuegbu (1980)
- ☐ Agusiobo (2004)

Q19 .identified two basic points for identification of settings

- ☐ Dunn (1973)
- ☐ NDDC
- ☐ Onwuegbu (1980)

- Q20** occurs as a result of the polio virus attacking the brain, or spinal chord, leaving many people crippled, muscularly week, or spastic.

- Kirk (1972)

- Reinert (1976)
- Robert (1975)
- Morse (1975)

Q30 To establish the behaviour as problematic, it is necessary that one should establish one of the following:

- ☒ chronicity
- ☐ orphanage
- ☐ war victim
- ☐ street children

**Q31                                                 **

- ☐ Habitation
- ☐ Habilitation
- ☐ Habitant
- ☐ Habitat

Q32 Factors contributing to evolution of special needs during prenatal development include

- ☐ age of father
- ☐ physiological factor
- ☒ drugs and radioactive
- ☐ inadequate nutrition

Q33 Additional curriculum in pre-school of children with physical and health related challenges in early childhood does not include

- teach the whole child

- ☐ crutches
- ☐ nonskid floor
- ☐ handrails
- ☐ wide doorways

Q36 Referral always proceed from all of the following except one.

- ☐ pediatrician
- ☒ maternity
- ☐ psychologist
- ☐ medical faculties

Q37 One of the settings adaptable for a child with behavioural and emotional challenges in early childhood is

- ☐ residential placement
- ☐ sociological intervention
- ☐ behavioural intervention
- ☐ modeling

Q38 When a child is loan out for sometime into other teachers class and environment, then the teacher collates ??????
..on particular trait being addressed.

- ☐ records
- ☐ responses
- ☒ feedback
- ☐ reports

Q39 The intervention of the behaviours tat are learnt and unlearnt could be through

- modeling

- ☐ Paced walking
- ☐ Running

- Q50 .**is the establishment of position in space and relative to other objects in the environment.

- Q51** is one of the efforts geared towards making the blind to see using their hands.

- Q52 Activities for locating sound and object in the environment includes all except one**

- Q53 Child's vision can be stimulated through all except one**

- Q54 Service delivery setting at the level of early childhood in Nigeria can be divided into ????.**

- Q55** is the use of one hand to configure shape that will either be conventional or in few cases they resemble the lower case of the English alphabets

- Q56 All of the foowowings except one can be used to reduce hearing loss at ? ? ? ? ? ?**

- Q57 Reading can be introduced to the child through ?..**

- Q58 ?/?/?/?/?/?/?/?/?/?/?/.provides hearing challenged children opportunity for early socialization.**

- Q59 One of the major means of communication of hearing challenged is ?/?/?/?/?/?/?**

- looking into people's eyes to make meaning and interpretation of gesture
- looking into people's mouth to make meaning and interpretation of people's gesture
- watching people's action to make meaning and interpretation

- ☐ looking into people's gesture to make meaning and interpretation

Q60 Hearing challenges can be classified by the following except one

- ☐ pre-lingually/challenged
- ☐ adventiously
- ☐ post lingually
- ☒ pre-congenitally challenged

Q61 Those who could help to identify the speech disorders in early children include all of the following except one

- ☐ parents
- ☒ medical doctors
- ☐ special education teachers
- ☐ psychologists

Q62 Types of giftedness include all except one.

- ☐ academic talent
- ☐ social abilities
- ☐ creative thinking
- ☒ adaptation

Q63 The art of divergent thinking resulting in creating is a vital pursuit of ?????.

- ☐ talented
- ☐ creativity
- ☒ giftedness
- ☐ intellectual

Q64 Children with non-sensory physical disabilities that require the use of modified curriculum equipment to enhance educational development include ????.

- ☐ truant
- ☐ self mutilating
- ☐ inattentive
- ☒ amputations

Q65 A ???? person is one whose hearing is so great that he or she cannot understand speech through use of the ear alone with or without a hearing aid.

- ☐ hard-of-hearing
- ☒ deaf
- ☐ sensori-neural
- ☐ prelingual deafness

Q66 ????.. Is assumed to possess the ability to predict success in subsequent learning like locomotion.

- ☒ motor generalization
- ☐ create
- ☐ sensori-neutral
- ☐ prelingual deafness

Q67 Language challenges include all except one.

- ☐ delayed language
- ☐ aphasia
- ☒ cluttering
- ☐ learning disabilities

Q68 ????.. refers to disparity in general learning orientation in early childhood which cannot be traced to loss of sight, hearing, mental, etc

- ☒ specific learning challenges
- ☐ speech challenges
- ☐ learning challenges
- ☐ language challenges

Q69 A ???? child normally show rapid development and create new things (inventions) above his age.

- ☐ highly intellectual
- ☒ gifted

- ☐ talented
- ☐ introvert

Q70 What are the other factors to be considered for the quality of intellectual capability to be met?

- ☐ adjustment and education
- ☐ adjustment and training
- ☐ adjustment and knowledge
- ☐ adjustment of the intellectual

Q71 Causes of needs for special education include all except one.

- ☐ congenital causes
- ☐ chromosomal abberation
- ☐ blood compatibility
- ☐ peri-postnatal causes

Q72 What happens when the Rh negative mother forms an antigen Rh positive infant?

- ☐ The red-blood cells of the fetus are destroyed
- ☐ the white blood cells of the fetus are formed
- ☐ the red-blood cells of the fetus are formed
- ☐ the white blood cells of the fetus are destroyed

Q73 Clinical features associated with the chromosomal aberration syndrome are all except one

- ☐ short broad head
- ☐ short open neck
- ☐ small flat note
- ☐ round flat face

Q74 $\diamond\diamond\diamond\diamond\diamond\diamond\diamond$. are factors that lead to dissatisfy of child before birth.

- ☐ chromosomal abserration
- ☐ genetic causes
- ☐ congenital causes
- ☐ nutritional causes

Q75 The essence of the $\diamond\diamond\diamond\diamond\diamond\diamond\diamond$. Is to make up for the deprivations cognitively, psychomotor, socially,materialwise,personeel wise and try to build the best out of them.

- ☐ special education
- ☐ earlychildhood
- ☐ education
- ☐ special needs

Q76 $\diamond\diamond\diamond\diamond\diamond\diamond\diamond$.. established that the early childhood education of the child starts from home with the mother as the child's first educator and care giver.

- ☐ Oliver(1962)
- ☐ Hunt (1961)
- ☐ Bloom (1964)
- ☐ Agusiobo (2004)

Q77 Roles of education include passing on $\diamond\diamond\diamond\diamond\diamond$.from one generation to another.

- ☐ culture
- ☐ values
- ☐ knowledge
- ☐ skills

Q78 The simple truth is that $\diamond\diamond\diamond\diamond\diamond$.. empowers, emboldness, refines, civilizes,enlightens, enriches and gives confidence to the newborn in the environment

- ☐ knowledge
- ☐ wisdom
- ☐ education
- ☐ society

Q79 $\diamond\diamond\diamond\diamond\diamond\diamond\diamond$ refers to the new born, the father,mother or the family,community,nation, continent and peoples as the case may be.

- ☐ Dynamic society

- ☐ Dynamics of society
- ☐ Society
- ☐ Dynamics society

Q80 Where does education draws its values from?

- ☐ a society
- ☐ a city
- ☐ moral
- ☐ culture
